

RED HERRING PUPPETS

AESOP'S FABLES : TECHNICAL INFORMATION

STAGE: Minimum Requirements

12 feet wide, 8 feet deep, and 8 feet high

Most of the action takes place on an 8 foot table that we bring. We have a backdrop that is 9 feet tall, and 16 feet wide, that adjusts smaller if need be.

SOUND: We bring our own sound system with 2 wireless microphone headsets and a CD player. We like to control the CD player from under the table, but can plug it into the house system if preferable. The CD player has an RCA output and the microphones are ¼ inch. One of the can also use a regular microphone jack.

LIGHTS: We do not carry lights for this show. General lighting will suffice. When possible, we like to isolate the tabletop area with light and keep it darker behind the stage.

SET-UP: 45 minutes

DURATION OF SHOW: 45 minutes

STRIKE: 30 minutes

TURN AROUND: (for consecutive shows) 15 minutes

We are happy to extend the visit with a 10-15 minute question and answer session after the performance when time allows.
